East Freetown, MA 02717

Re: Approved Private School Program Review Final Report
Whitney Academy, Inc.

Dear Mr. Harmon:

Enclosed is the Department of Elementary and Secondary Education (“Department”) Approved Private Special Education School Program Review Final Report containing findings based on the onsite visit conducted in your program.

This report includes detailed findings for each program area describing the determinations of the Department about the implementation status of each requirement. Please note that all requirements were found to be fully implemented; therefore, your program does not need to develop any corrective action plans.

At this time, the Department is asking that you send to us a separate statement signed by you and the Chairperson of your Board of Directors which describes the steps the school is taking to make available to staff, parent groups and the general public the findings of the Department. Please go into the WBMS and upload your program’s statement that has been signed by you and the chairperson of your Board of Directors into Additional Documents. You can do this by accessing:
> CPR/Program Review > Self-Assessment > Additional Documents.

The approval certificate we are now issuing shall remain in effect for three (3) years and will be contingent upon continued compliance with all regulations contained within 603 CMR 28.00 “Special Education Regulations” and 603 CMR 18.00 “Program And Safety Standards For Approved Public Or Private Day And Residential Special Education School Programs.” The Department may change this approval status at any point during this three-year period if circumstances arise that warrant such a change.

Please be advised that the attached Department Approval Certificate must be conspicuously posted in a public place within the program as required by 603 CMR 28.09.

In closing, we would like to extend our thanks to the administration and staff who shared their time and thoughts so generously during the preparation and onsite phases of the visit. Should you require any additional information, please do not hesitate to contact the Onsite Team Chairperson.

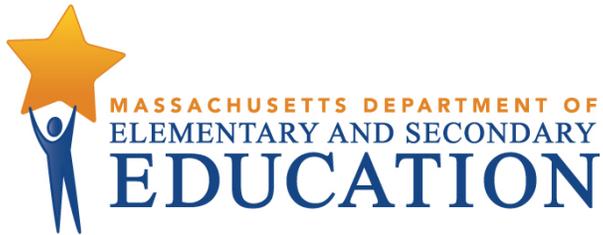

Sincerely,

Dee Wyatt, Private School Program Review Chairperson
Office of Approved Special Education Schools

Nina M. Marchese, M.Ed., Director
Office of Approved Special Education Schools

MASSACHUSETTS DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION

APPROVED PRIVATE SCHOOL PROGRAM REVIEW REPORT

OVERVIEW OF REVIEW PROCEDURES

INTRODUCTION

The Massachusetts Department of Elementary and Secondary Education (“Department”) is required under M.G.L. c. 71B, §10 to review special education programs in approved private special education schools that serve publicly funded students under the provisions of Board of Elementary and Secondary Education Regulations 603 CMR 28.00 and 18.00. Each year, the Department's Office of Approved Special Education Schools conducts onsite visits to selected approved private school programs to verify the implementation of these programs. The selected schools for the 2016-2017 review cycle were notified in February 2016 of scheduled visits and were required to conduct a Self-Assessment using the Department's web-based monitoring system (WBMS) before the arrival of the Department's visiting team.

The statewide six-year Private School Program Review cycle together with the Department’s Mid-cycle monitoring schedule is posted on the Department’s web site at <http://www.doe.mass.edu/pqa/review/psr/6yrcycle.html>.

Web-based Approach to Monitoring

In the 2012-2013 school year and continuing forward, all Program Reviews are conducted using the web-based approach to comprehensive monitoring, allowing both programs and the Department to submit, review and exchange documents and information through the Department’s security portal. This new approach combines familiar elements from the standard Program Review procedures in combination with new features that strengthen accountability and oversight on a continuous basis. The WBMS has already been successfully used in conducting the Department’s public school monitoring.

Private School Program Review Elements

Criteria: The Program Review criteria encompass key elements drawn from 603 CMR 18.00 and 28.00 and the private school program’s application for approval. They also include those required by the federal Office for Special Education Programs (OSEP) and revised requirements of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1400 *et seq.* (IDEA-2004) as described in the Department's Special Education Advisories. PQA, through the Desk Review, examines the Self-Assessment submission and determines which criteria will be followed up on through onsite verification activities. The Self-Assessment and Desk Review are both described below.

Self-Assessment Phase: This is a requirement for all agencies being monitored. It is completed in the year prior to the onsite review and covers all of the monitoring criteria. The agency is responsible for completing the Self- Assessment for each individually approved program being reviewed, which consists of:

- Agency review of documentation for required elements including document uploads.
- Agency review of a sample of student records selected.
- Agency review of a sample of staff records selected.

Upon completion of these portions of the Self-Assessment, it is submitted to the Department for review.

Template Version 161207

Desk Review Phase: The PQA chairperson assigned to each agency reviews the responses by the private school program to questions regarding the critical elements for appropriate policies, procedures, and practices, as well as actual documents and data submissions by criteria. The student record review data, staff record review data, and explanatory comments are examined. The outcome of this review, along with 3-year trend data from the Problem Resolution System, and required notifications to the Department is used to determine the scope and nature of the Department's onsite activities.

Onsite Verification Phase: This includes activities selected from the following:

- Interviews of administrative, instructional, and other staff consistent with those criteria selected for onsite verification.
- Interviews of parent representatives and other telephone interviews as requested by other parents or members of the general public.
- Review of student records and staff records: The Department selects a sample of student and staff records from those the agency reviewed as part of its self-assessment to verify the accuracy of the data. The Department also conducts an independent review of a sample of student and staff records that reflect activities conducted since the beginning of the school year. The onsite team will conduct this review, using standard Department procedures, to determine whether procedural and programmatic requirements have been implemented.
- Surveys of parents of students with disabilities: Parents of students with disabilities whose files are selected for the record review, as well as the parents of an equal number of other students with disabilities, are sent a survey that solicits information regarding their experiences with the agency's implementation of special education, related services, and procedural requirements by its private school programs.
- Observation of classrooms and other facilities: The onsite team visits a sample of classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

Team: Depending upon the scope of onsite activities that have been identified based on the Department's Desk Review of the agency's Self-Assessment, a 2-3 member Department team will conduct a 3-5 day onsite Program Review.

Report: The report is based on a review of the written documentation regarding the operation of the school's programs and the information gathered from the Onsite Verification Phase. A Draft Report of Comments is issued via the WBMS. Agencies may respond to the factual accuracy of the report within 10 business days.

A Final Report is then issued via the WBMS and in hard copy. The findings in the Final Report note those criteria that the team found to be implemented, not implemented or not fully implemented. Findings for each program area describe determinations of the Department about the implementation status of each requirement (criterion) reviewed. The Department's Approved Private School Program Review Final Reports are posted on the Department's web site at <http://www.doe.mass.edu/pqa/review/psr/reports/default.html>.

Response: Where criteria are found not to be fully implemented, the agency is required to propose corrective actions, within 20 business days of receipt of the Final Report, to bring those areas into compliance with the respective statutes or regulations for each affected private school program. **Under federal *Special Education State Performance Plan* requirements pursuant to IDEA-2004, public and private school programs serving disabled students must demonstrate effective resolution of noncompliance identified by the Department as soon as possible but in no case later than one year**

Template Version 161207

from the issuance of the Department’s Final Program Review Report. A program is required to incorporate the required corrective action into its Re-approval Application as required by 603 C.M.R. Section 28.09. Additionally, a program is encouraged to incorporate any required corrective action as approved by the Department into its internal improvement plans, including the program’s professional development plans.

The Department believes that the Private School Program Review process is a positive experience and that the Final Report is a helpful planning document for the continued development and improvement of programs and services in each approved private school program.

REPORT INTRODUCTION

A two-member team visited Whitney Academy, Inc. during the week of April 24, 2017 to evaluate the implementation of selected compliance criteria under the Massachusetts Board of Elementary and Secondary Education Regulations 603 CMR 18.00 (Program and Safety Standards for Approved Public or Private Day and Residential Special Education School Programs) and 603 CMR 28.09 (Approval of Public or Private Day and Residential Special Education School Programs), 603 CMR 46.00 (Prevention of Physical Restraint and Requirements If Used), M.G.L c. 71B, the federal Individuals with Disabilities Education Act, 20 U.S.C. Section 1400 *et seq.*, as amended in 2004 (IDEA--2004), and civil rights provisions that are pertinent to Approved Private School Programs. The team appreciated the opportunity to interview staff, to observe classroom facilities, and to review the program efforts underway.

The Department is submitting the following Private School Program Review Report containing findings made pursuant to this onsite visit. In preparing this report the team reviewed extensive documentation regarding the operation of the school programs, together with information gathered by means of the following Department program review methods:

- Interviews of three administrative staff;
- No clinical staff;
- Interviews of four teaching and educational support services staff;
- Interviews of three childcare staff; and
- No Parent Group representatives or other parents of Massachusetts students enrolled in the school program.
- Student record review: A sample of four Massachusetts student records was selected by the Department. Student records were first examined by the school program's staff and then verified by the onsite team using standard Department student record review procedures to make determinations regarding the implementation of procedural and programmatic requirements. An additional four randomly selected student records were also reviewed by Department staff to ensure determinations regarding the implementation of procedural and programmatic requirements remain in effect.
- Staff record review: A sample of four staff records was selected by the Department. Staff records were first examined by the school program's staff and then verified by the onsite team using standard Department staff record review procedures to make determinations regarding the implementation of procedural and programmatic requirements. An additional four randomly selected staff records were also reviewed by Department staff to ensure determinations regarding the implementation of procedural and programmatic requirements remain in effect.
- Observation of classrooms and other facilities: A sample of eight instructional classrooms and other facilities used in the delivery of programs and services was visited to determine general levels of compliance with program requirements.
- Surveys of parents of students with disabilities: 18 parents of students with disabilities were sent surveys that solicited information about their experiences with the school program's implementation of special education programs, related services and procedural requirements; four of these parent surveys were returned to the Department for review.

The report includes findings organized under 17 specified compliance areas listed in the table of contents. The findings explain the "ratings," or determinations by the team about the implementation status of the compliance criteria reviewed within each of these areas. The ratings indicate those criteria that were found by the team to be "Implemented", "Implementation in Progress", "Partially Implemented" or "Not Implemented". The private school program must propose to the Department corrective action to bring those areas into compliance with the controlling statute or regulation. In some instances the team may

have found certain requirements to be fully “Implemented” but made a specific comment on the school program’s implementation methods that also may require response from the private school program.

The private school program is expected to incorporate the corrective action into any program improvement plans, including the school program’s professional and paraprofessional staff development plan.

Whitney Academy Intensive Residential Program

**SUMMARY OF COMPLIANCE CRITERIA INCLUDED IN THIS REPORT
REQUIRING CORRECTIVE ACTION PLAN DEVELOPMENT
in response to the following
PROGRAM REVIEW REPORT FINDINGS**

PROGRAM AREA	PARTIALLY IMPLEMENTED	NOT IMPLEMENTED	OTHER CRITERIA REQUIRING RESPONSE
Area 1: Demonstration of Need and Capacity			
Area 2: Administration – Approvals, Licenses and Certificates Documentation			
Area 4: Disclosure of Information			
Area 5: Administration and Admissions Procedures			
Area 6: Educational Program Requirements -- Student Learning Time			
Area 8: Educational Program Requirements – Individualized Education Programs			
Area 9: Educational Program Requirements -- Student Discipline and Behavior Management			
Area 10: Educational Staffing Requirements -- Ratios			
Area 11: Educational Staffing Requirements -- Personnel Policies			
Area 12: Educational Staffing Requirements -- Staff Training			
Area 13: Physical Facility and Equipment Requirements			
Area 15: Parent and Student Involvement			
Area 16: Health and Medical Services			
Area 18: Student Records			
Area 19: Anti-Hazing			
Area 20: Bullying Prevention and Intervention			

NOTE THAT ALL OTHER CRITERIA REVIEWED BY THE DEPARTMENT THAT ARE NOT MENTIONED ABOVE HAVE RECEIVED AN “IMPLEMENTED” OR “NOT APPLICABLE or NOT RATED” RATING.

DEFINITION OF TERMS
FOR THE RATING OF EACH COMPLIANCE CRITERION

Implemented	The requirement or criterion is substantially met.
Implementation in Progress	This rating is used for criteria containing new or updated legal requirements and means that the agency has implemented any old requirements contained in the criterion and is training staff or beginning to implement the new requirements in such a way that the onsite team anticipates that the new requirements will be implemented by the end of the school year.
Partially Implemented	The requirement, in one or several important aspects, is not entirely met.
Not Implemented	The requirement is totally or substantially not met.
Not Applicable or Not Rated	The requirement does not apply to the private school program.

Whitney Academy, Inc.

AREA 1: DEMONSTRATION OF NEED AND CAPACITY

CRITERION NUMBER	Legal Standard
<p>1.2 Program & Student Description, Program Capacity</p> <p>28.09(2)(a)(2); 28.09(2)(b)(2, 3, 7)</p>	<p>A narrative is provided that describes:</p> <ul style="list-style-type: none"> • Identified population of students to be served; • Ages of students; • Educational characteristics; • Behavioral characteristics; and • Philosophy, goals and objectives. • How each of the following educational services are implemented for the described student population of the program: <ul style="list-style-type: none"> ○ The content requirements of the Common Core Standards; ○ Self-help, daily living skills; ○ Social/emotional needs; ○ Physical education; adapted physical education; ○ Pre-vocational, vocational, and career education; ○ English language support (for limited English proficient students) and ○ Other: any other specialized educational service(s) provided by the program. • How each of the following related services is or will be provided for the described student population of the program whose IEPs indicate such services: <ul style="list-style-type: none"> ○ Transportation; ○ Braille needs (blind/visually impaired); ○ Assistive technology devices/services; ○ Communication needs (all students including deaf/hard of hearing students); ○ Physical therapy; ○ Occupational therapy; ○ Recreation services; ○ Mobility/orientation training; ○ Psychological services, counseling services, rehabilitation counseling services, social work services; ○ Parent counseling and training; ○ Health services, medical services and ○ Other (e.g., music therapy, sensory integration therapy). • How the kinds of supplementary aids and services available for students in the program is or will be provided: <ul style="list-style-type: none"> ○ Supplementary aids and services are defined as “those aids and services- which are not ‘specially designed instruction or related services’-which enable eligible students to be educated to the maximum extent possible with non-disabled students.” These may include aids and services that would

	<p>effects that may or may not require medical attention and the next scheduled clinical meeting or series of meetings with the student.</p> <ul style="list-style-type: none"> • No antipsychotic prescription shall be administered for a period longer than is medically necessary and students on antipsychotic medication must be carefully monitored by a physician. • Staff providing care to a student receiving antipsychotic medication shall be instructed regarding the nature of the medication, potential side effects that may or may not require medical attention and required monitoring or special precautions, if any. • Except in an emergency, as defined in 18.05 (9)(g), the school shall neither administer nor arrange for the prescription and administration of antipsychotic medication unless informed written consent is obtained. If a student is in the custody of his/her parent(s), parental consent in writing is required. Parental consent may be revoked at any time unless subject to any court order. If the parent does not consent or is not available to give consent, the referral source shall be notified and judicial approval shall be sought. If a student is in the custody of a person other than the parent, a placement agency or an out-of-state public or private agency, the referral source shall be notified and judicial approval shall be sought. • In an emergency situation, antipsychotic medication may be administered for treatment purposes without parental consent or prior judicial approval if an unforeseen combination of circumstances or the resulting state calls for immediate action and there is no less intrusive alternative to the medication. The treating physician must determine that medication is necessary to prevent the immediate substantial and irreversible deterioration of a serious mental illness. If the treating physician determines that medication should continue, informed consent or judicial approval must be obtained as required by 18.05(9)(e). • The program shall inform a student twelve years of age and older, consistent with the student's capacity to understand, about the treatment, risks and potential side effects of such medication. The program shall specify and follow procedures if the student refuses to consent to administration of the medication.

The program shall require a written report from the physician(s) of the results of the examination and any recommendation and/or modification of the student's activity. • 105 CMR 200.400(B) Vision The program shall, in cooperation with the student's public school, develop a plan to ensure that vision screenings are conducted. The vision of each student in the program is to be screened in the year of program entry; annually through grade 5 (or by age 11 in ungraded classrooms); once in grades 6 through 8 (or ages 12 through 14 in ungraded classrooms); and once in grades 9 through 12 (or ages 15 through 18 in ungraded classrooms). • 105 CMR 200.400(C) Hearing The program shall, in cooperation with the student's public school, develop a plan to ensure that hearing screenings are conducted. The hearing of each student in the program is to be screened in the year of program entry; annually through grade 3 (or by age 9 in the case of ungraded classrooms); once in grades 6 through 8 (ages 12 through 14 in the case of ungraded classrooms); and once in grades 9 through 12 (ages 15 through 18 in the case of ungraded classrooms). • G.L. c.71, § 57 Posture The program shall, in cooperation with the student's public school, develop a plan to ensure that postural screenings are conducted. Tests ascertaining postural defects shall be administered at least once annually in grades 5 through 9. • The program shall have a policy and procedure for assuring that a student or staff member who has a reported communicable disease shall be authorized by a physician to continue to be present within the school and for notifying all parents and referring agencies of the introduction of a reported communicable disease into the program. The local board of health must be notified in accordance with M.G.L. c. 111, § 111. • The program shall provide a locked, secure cabinet to keep all toxic substances, medications, sharp objects and matches out of the reach of students. Medications and medical supplies should not be locked in the same cabinet as other toxic substances. Toxic substances must be labeled with contents and antidote. The phone number for the nearest poison center must be posted clearly. • Where appropriate, the program shall provide or arrange for the provision of family planning information, subject to any applicable state or federal legislation. • The program shall require that all students have necessary immunizations as required by the Department of Public Health.
